

CloudTech Solutions Ltd. — Information Security & AI Governance

Corporate Compliance & Acceptable Systems Usage (Policy Ref: CT-SEC-2026.2)

SAMPLE / FICTITIOUS DATA FOR AGENTRAG SYSTEM TESTING PURPOSES ONLY.

1. Password Security & Authentication Standards

To protect enterprise systems, all employees and contractors must adhere to strict credential management:

- **Minimum Password Length:** Passwords must be at least 16 characters in length and include uppercase, lowercase, numbers, and at least two symbols.
- **Rotation Frequency:** Passwords must be rotated every 90 calendar days. Repeating any of the last 12 previously used passwords is prohibited.
- **Multi-Factor Authentication (MFA):** Hardware security keys (e.g. YubiKey) or approved authenticator apps are mandatory for all logins. SMS-based 2FA is explicitly forbidden.

2. Acceptable Use of Generative AI & LLMs

CloudTech recognizes the value of Generative AI tools while strictly regulating data safety:

- **Approved AI Platforms:** Staff may only utilize corporate-licensed instances of authorized LLMs. Personal accounts on public AI portals are prohibited for work tasks.
- **Prohibition of Sensitive Data:** Under no circumstances may employees paste customer Personal Identifiable Information (PII), unreleased source code, financial projections, or legal documents into public AI tools.
- **AI Code Generation Review:** Any AI-generated code must undergo mandatory peer review by a Senior Engineer and automated SAST security scanning before merging into production.

CloudTech Solutions Ltd. — IT Security Guidelines (Page 2)

3. Device Encryption & Lost Equipment Procedures

Company-issued laptops and mobile devices contain critical intellectual property:

- **Full Disk Encryption:** BitLocker (Windows) or FileVault (macOS) must remain permanently enabled with AES-256 encryption.
- **Lost/Stolen Device Protocol:** If a device is lost or stolen, the employee must report the incident to security@cloudtech-sample.com within 2 hours so remote wipe protocols can be initiated.
- **Clean Desk & Screen Lock:** Laptops must automatically lock after 5 minutes of inactivity. When stepping away from desks, employees must manually lock their screens (Win+L / Ctrl+Cmd+Q).

4. Incident Escalation & Whistleblower Protections

- Any suspected data breach or phishing attempt must be forwarded immediately to abuse@cloudtech-sample.com.
- Employees reporting security anomalies in good faith are protected from retaliation under the Corporate Whistleblower Charter.
